

THE AUSTRALIAN NEW CHURCH COLLEGE

Way of Wisdom Course

The Way of Wisdom course is a short 7 week programme that encourages the development of a personal spiritual practice as the basis for group life. The programme is run online, is moderated and is open to anyone from anywhere in the world who has access to the internet. The format has participants introduced to a different spiritual principle each week and has them use that principle in their daily life for a week. At the end of the week people are asked to summarise their experience and share this through an online forum with the other members of their group. Each week comes with a guided meditation rounding out the spiritual practice through engaging the head, heart and life in a specific spiritual focus.

The seven principles that make up the course are as follows...

1. We are because God is...
2. Love needs to focus on others apart from self
3. Through our choices we create our own heaven or hell
4. Every moment offers a new beginning
5. Not doing the good we intend becomes a lack of desire to act
6. The Word speaks to those who approach it with a humble heart
7. Regular self examination guards against causing harm

If you think you might be interested in participating in a Way of Wisdom group then please contact us using the email address below to express your interest. A minimum of 6 people is required so once you have registered your interest we will keep your name on file until we have enough people to run a course after which we will contact you with the next course start date.
